# MEMPHIS

& The Big Green Bus

WELCOME TO MEMPHIS

We have greatly anticipated your arrival. We hope you are all well and ready for a few activities we have planned over the next few days. However, if anyone needs ANYTHING, please let us know. We are flexible and will try to be accommodating.

**THE NATIONAL CIVIL RIGHTS MUSEUM**

The Lorraine Motel is the assassination site of Dr. Martin Luther King, Jr. and houses the National Civil Rights Museum.

The site is located a few blocks from Beale Street.

**MEMPHIS MUSIC**

Memphis has a rich musical heritage. There's Elvis, BB King, Stax, Sun Records, even Aretha Franklin was born in Memphis. Music was one of, if not the first, point of fusion between white and black in the south, and Memphis music was at the center of that fusion.

**ON YOUR WAY**

**BIOFUEL**

The riders of the Big Green Bus are depending on bio-fuel to power across the country. There have been bio-fuel pioneers in the Memphis area as well. During your visit you will hear presentations from a local consultant with respect to bio-fuels and biorefineries. There will be a presentation about efforts to develop alternative crops that can be produced profitably in this region. We have also scheduled a tour of Milagro, a local biodiesel production facility that has been shuttered due to falling diesel prices.
